

Briar Cliff UNIVERSITY

Western Iowa Tech Community College to Briar Cliff University

TRANSFER GUIDE

ELEMENTARY EDUCATION DEGREE COMPLETION PROGRAM

OVERVIEW

Teaching is about inspiring and motivating students to realize and exceed their potentials. A teacher's subject matter knowledge, teaching skills, and dispositions are key factors that influence students' learning. This collaborative Teacher Education Program prepares candidates to be generalists in elementary education (grades K-6) with an endorsement in reading (grades K-8). Candidates may earn additional endorsements. Candidates in the Teacher Education Program are prepared to be reflective practitioners through a variety of pre-service growth experiences. Those teaching in the Teacher Education Program emphasize subject area content, values education, research, and personal modeling of the various methodologies currently being used in the field.

Candidates learn to utilize various methodologies, collaborative learning, large and small group discussion, and to build professional relationships. Candidates are expected to observe, plan, and practice the necessary skills and competencies for becoming an effective teacher. The candidates become critical thinkers through diversity awareness education, analysis of curriculum materials and of issues affecting education today.

CAREER OPTIONS

- Kingergarten – 6th grade teacher
- Special reading & resources teacher
- School counselor
- Behavior specialist
- Career advisor
- Curriculum developer
- Instructional coordinator/coach
- Teacher assistant
- Camp Director
- Educational consultant
- Principal
- Health educator
- Museum educator
- Private tutor

PROGRAM ENTRY

Students enrolled in this cooperative program complete their Associate of Arts degree at Western Iowa Tech Community College and their Bachelor of Arts degree in Elementary Education at Briar Cliff University. Assessment and advising before registration will help ensure success in program planning and completion.

WHY THIS PROGRAM?

Get Early Additional Involvement: As a Charger, you'll be active in actual classrooms from the get-go: observing teachers, working with small groups of students and being part of our unique Professional Development School, based upon the standards of the National Association of Professional Development Schools. Here you will work with *real* K-6 students in *real* learning situations to put theory into practice, build relationships with students, all while earning credit for your methods of teaching courses.

Student Teaching Experience: Leveraging our relationship with local Siouxland community public and private schools, Briar Cliff will make sure you're prepared and facilitate your student teaching internship assignment(s). Generally, this will take place in the final year of your college career, with the internship being a full-time responsibility. Our graduates say that the student teaching experience for credit is both the most challenging and rewarding part of being an education major.

Easily Boost Your Resume: As a part of the elementary education major, you'll complete a K-8 reading endorsement, and if possible, a 5-8 middle school, special education, physical education and/or coaching endorsements. These endorsements supplement an elementary education major, so you'll be qualified to teach more subject areas and more grade levels.

BACHELOR OF ARTS IN ELEMENTARY EDUCATION

Western Iowa Tech Community College

Term I (17 credits)

BACHELOR OF ARTS IN ELEMENTARY EDUCATION

Briar Cliff University

In order to complete this degree licensure program, the student must have completed WITCC's A.A. Elementary Education Transfer Major degree program. A minimum 2.5 (on a 4.0 scale) cumulative Grade Point Average is required for acceptance into the Briar Cliff University Teacher Education Program. Grades previously earned will be counted as credit, but will not be calculated as part of the student's cumulative grade point average at BCU. A maximum of 90 transfer credits can be accepted from other institutions. Students transferring in an A.A. degree are credited with 62 credit hours towards the completion of their Bachelor's degree.
