THE UNIVERSITY

HISTORY
In 1929, only briar patches covered a 175-foot hill located on the western outskirts of Sioux City, Iowa. Two pioneers, Sister Mary Dominica Wieneke, major superior of the Sisters of St. Francis, and the Most. Rev. Edmond Heelan, Bishop of the Diocese, envisioned that hill crowned with a Catholic college.

Sister Dominica and Bishop Heelan met on March 9, 1929 with members of the Sioux City business community who committed themselves to raising $25,000 to support the establishment of a Catholic college for women in Sioux City.

After this initial community support, significant events followed in rapid succession. On September 18, 1930, the college, named Briar Cliff after the hill on which it is located, was dedicated. Four days later, 25 women started classes in Heelan Hall, the only building on campus.

In 1937, Briar Cliff’s two-year education program was expanded to four years. Fifty-five men were admitted to the college in 1965. Coeducation was formalized in 1966 with admission of 150 full-time male students. The spring of 1980 saw the establishment of a Bachelor of Science in Nursing degree.

Throughout the years, Briar Cliff’s academic growth required an expanding physical plant. As time passed, more buildings appeared on the briar-covered hill: a four-story addition to Heelan Hall in 1948; the library and Chapel of Our Lady Of Grace in 1959; Alverno Hall, a women’s residence hall, in 1964; a gymnasium in 1966; Toller Hall, a men’s residence, in 1967; Noonan Hall in 1968; Newman Flanagan Center in 1982; the Baxter DiGiovanni Living/Learning Center in 1988; the renovation of Bishop Mueller Library in 1993; the Stark Student Center and the Saint Francis Center in 2000, and the McCoy Arnold Center in 2004.

The institution earned university status, effective June 1, 2001. While the mission of the University has not changed in nearly 80 years, Briar Cliff continues to grow and expand, always placing the needs of students first.

LOCKING CAMPUS FACILITIES
To protect campus facilities, a specified locking schedule is followed. Students entering or leaving campus facilities after lock-up hours must secure the doors. Students may not prop open or alter a door so that it cannot lock. Students doing so will be subject to disciplinary action. Students should not admit unknown persons into locked buildings. Broken locks or propped doors should be reported immediately to Campus Security.

REPORTING CRIMES AND OTHER EMERGENCIES
Students are encouraged to report suspected criminal activity and other emergencies to the Campus Security Office or the Residence Life staff. Whether you are a victim or an observer; any crime, suspicious activity or campus emergency should be reported immediately and the following procedures should be followed:

All incidents will be handled seriously and be thoroughly investigated. When necessary, local law enforcement will be informed and their assistance requested. Security personnel will assist emergency vehicles in locating the emergency and aid in crowd control. Inform security with information on type and location of the emergency.
TORNADO WARNING PROCEDURE
In the event of a tornado warning, report immediately to one of the following tornado shelters.
• Review maps for your area to have knowledge of your closest shelter.
• The underground tunnels between Alverno and Heelan Hall, or between North Hall and Heelan Hall.
• The hallway on the ground floor of Noonan Hall.
• The ground floor of Alverno and Toller Halls away from windows.

FIRE ALARMS
All campus buildings are monitored by a fire alarm system that will automatically sound fire alarms in the building if conditions are appropriate. All individuals are expected to leave the building until the fire department allows reentrance. Any tampering with fire alarms or other safety equipment is considered a felony offense and violators will be prosecuted and/or be subject to disciplinary action.

CRIME STATISTICS
The safety and well-being of students, staff and faculty are primary considerations at Briar Cliff University. Information regarding campus safety and security is provided in compliance with the Student Right-To-Know and Campus Security Act of 1991. Briar Cliff Security reports all on-campus crimes as defined by Uniform Crime Reporting System. Statistics are maintained and reported on crimes. On-campus crimes were also reported to the Security Office, the Student Development Office or the Sioux City police.

The annual Campus Security and Fire Safety Report provides information on institutional policies concerning security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, emergency response, fire safety and other matters. We also must ensure all applicants have access to this information. Briar Cliff University’s Campus Safety Report is available at: http://www.briarcliff.edu/student-life/campus-services/security/.
FINANCIAL AID
Briar Cliff provides financial assistance to students based on available resources and ensures equal access to all students. Aid is provided in the form of scholarships, grants, work, and loans. Students seeking financial assistance must file the Free Application for Federal Student Aid (FAFSA). Briar Cliff’s Title IV Code (001846) must be listed in the appropriate section. Once the FAFSA is completed and a Student Aid Report is received, other documentation may be required before an official Award Letter is processed. The Award Letter outlines the specific financial aid that is offered to the student. Refer to the Financial Aid Guide online for more information on the various aid programs. Financial Aid is packaged in the following order:

- Federal grants, state and private grants
- Institutional scholarships and grants
- Federal work study
- Federal student loans
- Other resources

TYPES OF FINANCIAL AID
Scholarships and grants: Federal, state and institutional grants are awarded based on the qualifications defined in each grant program. Federal grants based on financial need include the Pell Grant and the Supplemental Education Opportunity Grant. State grants based on financial need include the Iowa Tuition Grant and the Iowa Grant. Briar Cliff awards institutional scholarships based on academic achievement, talent, merit, and financial need. Academic scholarships are reduced and grants could be reduced or eliminated if a student moves out of the campus residence halls.

Graduate students must be enrolled in at least 5 credit hours per semester in order to be eligible for financial aid.

Federal student loans include the Federal Direct and the Federal Perkins Loans. For a Federal Direct Loan, a Master Promissory Note and an Entrance Interview must be completed online for first-time borrowers. Perkins Loans require additional paperwork and instructions will be made available to the student. Federal Loan proceeds are credited directly to the student’s account.

FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS
The Higher Education Act of 1965, as amended, requires that each student maintains satisfactory progress in the course of study the student is pursuing in order to receive Title IV Federal Financial Aid. At Briar Cliff, these standards are also applied to state and institutional programs. Students attending full-time have a maximum of five academic years to complete a program of study at Briar Cliff. Students will only receive state funding for four academic years. If the student’s major requires additional completion time, a fifth year of institutional funding may be allowed by appealing to the Financial Aid Office.

Academic progress will be measured both qualitatively and quantitatively. A minimum grade point average and a minimum number of credit hours completed in the academic year are requirements.
If a student does not meet the grade point average requirement for satisfactory academic progress, they will receive a Warning notification for one semester. Students unable to achieve the required grade point average after a second consecutive semester will be placed on Financial Aid Suspension. Students can also be placed on Financial Aid Suspension after two semesters for not completing 70% of hours attempted.

Students placed on Financial Aid Suspension have the right to appeal the suspension. The suspension form is mailed to the student to complete. The appeal will require the reasons for the suspension and the Academic Plan which must be signed by the student’s Academic Advisor. The student will have a time frame to have the document completed and submitted to the Financial Aid Office so a decision can be made. Students who are granted approval will be placed on Financial Aid Probation. After the probationary semester the student will either be in good standing or will not be able to receive any federal, state or institutional funds until they are in good standing again.

Eligibility can also be terminated when the credit hours required for a specific degree/program are earned or the student has attempted greater than 150% of the credit hours required for a specific degree program.

For students who fail to make satisfactory academic progress, refer to the Financial Aid Guide online for more information regarding the warning, suspension and termination levels of financial aid.

**TRANSFER STUDENTS**

The assumption is made that transfer students have maintained satisfactory academic progress at the time of admission. Transfer credits and GPA that are accepted at Briar Cliff are counted toward the total attempted credits/cumulative GPA in determining satisfactory academic progress compliance.

**REPEATED COURSEWORK**

When students repeat a course, the most recent grade received is used in the calculation of the cumulative grade point average unless the student performs worse. In that case, the better of the two grades is counted toward cumulative grade point average.

**NON-CREDIT COURSEWORK**

Non-credit coursework is not counted in the minimum credit requirement. In the event that a student fails to successfully complete courses at the minimum level, the student will be placed on Financial Aid Probation. A student in this category may receive financial aid for one additional semester. If the student does not meet the minimum levels by the end of the probationary semester, the student is considered to be making unsatisfactory progress and is placed on Financial Aid Suspension. Financial Aid Suspension means the termination of all financial aid except some private loans. The Financial Aid Office evaluates the progress of each student according to these standards on an annual basis. If a student is placed on Financial Aid Suspension, the student will have the opportunity to appeal the suspension. A student will receive notification of suspension and an Appeals Document. The appeals committee will review the student’s request and notify the student of its decision in writing.
**Changes in Academic Load**
During the first week of each semester, called “Validation Week,” students will have an opportunity to change their registration or room/board plan with no financial penalty. After Validation Week, there will be no adjustment to tuition or financial aid if the student drops a class or changes to a different room/board plan.

Students who completely withdraw from the University may be allowed a refund on tuition, fees, room/board (if applicable). Federal and state regulations require that all or a portion of the refund be returned to the appropriate government aid programs. Refunds on behalf of the federal aid recipients must be returned in the following order: Federal Direct Unsubsidized Loans, Federal Direct Subsidized Loans, Federal Perkins Loan, Federal Grad PLUS, Federal Direct PLUS, Federal Pell Grant, Federal SEOG, TEACH Grant, other Title IV aid.

**Financial Aid Policy Regarding Withdrawal**

**Return of Title IV (Federal) Aid**
If a student withdraws from Briar Cliff University during a semester or summer session, a calculation of “earned” vs. “unearned” federal aid must be determined. This federal policy assumes students earn their aid based on how much time has elapsed in the semester. If students receive federal financial aid, that aid may be reduced as a result of withdrawal. There are three steps that Briar Cliff must complete to comply with federal policy: determine the withdraw date, determine the amount of earned federal aid, and return unearned federal funds to the appropriate program(s). However, in order to ensure that the student is eligible to receive financial aid, Briar Cliff must first verify with instructor(s) that the student has attended or participated in academic activities related to his/her class(es) for the semester.

Students must officially withdraw by visiting the Registrar’s Office. A Withdraw Form will need to be completed by key areas on campus and then returned to the Registrar’s Office. The withdraw date is the date the student begins the withdraw process. If students fail to withdraw officially, the withdraw date will become the midpoint of the semester, unless the University can document a later date. In certain circumstances if an earlier date of last academic activity is determined, this date may be used in the calculation of “earned” federal aid.

If students withdraw before completing 60% of the semester, their “earned” federal funds are in direct proportion to the length of time they were enrolled. The percentage of “earned” aid is determined by dividing the total number of calendar days enrolled by the total number of calendar days in the semester. If the student completes 60% of the term, he/she earns all federal financial aid for the semester.

The responsibility to repay unearned aid is shared by BCU and the student. The University’s share is the lesser of unearned aid or unearned institutional charges. The University’s share must be repaid to the federal aid programs before the student’s share is considered. The order of the Return of Title IV funds is Federal Direct Unsubsidized Loan, Federal Direct Subsidized Loan, Federal Perkins Loan, Federal GRAD PLUS, Federal Direct Parent PLUS Loan,
Federal Pell Grant, Federal Supplemental Education Opportunity Grant, Teacher Education Assistance for College and Higher Education Grant (TEACH), other Title IV programs. Institutional aid is adjusted based on the percentage of refund applicable at the time of withdrawal. State aid is adjusted based on the percentage of refund applicable at the time of withdrawal.

If a student is required to repay a portion of his/her loan through the student’s share calculation, he/she will not be expected to return those funds immediately, but rather when repayment begins according to the terms and conditions of the promissory note. If the student share includes grant funds, federal rules allow the grant portion be reduced by 50%. A satisfactory payment arrangement can be made with Briar Cliff University.

If a student stops attending classes in any given semester without official notification, he/she will be considered “unofficially” withdrawn. An example would be a student who receives only failing grades for a semester. The withdrawal date for a student who unofficially withdraws will be the midpoint of the period of enrollment or the last documented day of academically related activity, whichever is later. No refund will be granted for withdrawals that occur after 60% of the enrollment period has passed. If students without government aid unofficially withdraw, no adjustments will be made.

**INSTITUTIONAL & STATE AID REFUND POLICY**

The Return of Title IV aid calculation, as cited above, only considers federal funds. If a student officially withdraws prior to completing 60% of the semester, institutional and State Aid will be refunded based on the percentage of the semester that has not been completed. After the 60% point of the semester, no refund will be granted nor will financial aid be reduced. The portion of the semester completed is based on calendar days from the first day of the semester through the last scheduled day of finals, including weekends and breaks of less than five days.

If a student withdraws during the first week of the semester and receives a 100% tuition refund on all courses, all funding must be returned to the appropriate aid programs.

To officially withdraw, a student must complete a Withdrawal Form, which can be obtained in the Registrar’s Office.

**STUDENT RECORDS**

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

Family Educational Rights and Privacy Act (FERPA) gives students in college the right to inspect records, files or documents which contain information directly related to them. Briar Cliff University complies with federal laws pertaining to student records. A complete statement of FERPA is posted in the Registrar’s Office and detailed as follows:

**PUBLIC LAW 93-380**

Students, upon request, can receive access to all of their education records controlled by the University which in any way affects their own campus status, enrollment potential, or which reflects upon the student’s character. Records by the University can be inspected by the requesting student in the presence of appropriate University officials, except the following:

- confidential letters and statements of recommendation prior to January 1, 1975;
- financial records of parents, unless authorized by parents;
- private notes and materials created by individual University officials (teachers, deans, counselors, doctors, etc.) as memory aids;
- recommendations respecting admissions, applications for employment, or receipt of honorary recognition, unless the student has signed a waiver of access.

Appointments must be made by students to review files.

No evaluative materials may be removed from University files by students. Students are entitled to photocopies of any materials contained in their files, subject to the exceptions noted in #1. Reproduction cost is $1 per page, paid by the student making the request.

If students believe their records contain information that is inaccurate, misleading, or in violation of students' rights of privacy, they may ask the University to amend the record. A decision must be made whether to amend the record as requested within a reasonable time after the request is received.

If a decision is made not to amend the record, the student may ask for a hearing. The Vice President for Student Development will convene a hearing committee to adjudicate the challenge. The committee will consist of the vice president for the division with responsibility for the file, the University official in charge of the file, and a faculty member chosen by the student. The student may be assisted by any individual of his/her choice from the campus. The divisional vice president will write a response to the challenge detailing the decision of the committee and the action taken.

Should a factual error be found in any material, the University official will make the appropriate correction. If the decision is made not to correct the record, the student may place a statement in the record commenting on the contested information, stating why he/she disagrees with the decision. Under the records act, students cannot request hearings to contest the assignment of a grade, only whether the assigned grade was recorded accurately.
The University official in charge of a student file is responsible for the care of the file and is liable for the unauthorized release of confidential records. These records may be released only to the following persons:

- School officials and teachers with a legitimate educational interest. These individuals must present specific requests relating to the welfare or advisement of a particular student. The University official in charge of the records will determine the request’s validity.
- Individuals designated in writing by the student to whom records can be released. A request for release of records must include the following:
  - specific information to be released
  - reasons for such release
  - the party to whom the records are to be released
- Authorized representatives of the comptroller general of the United States and the administrative head of an educational agency or state education authority authorized to conduct an audit, evaluation, or investigation of a federally supported program.
- Those persons or agencies dealing with a student’s application or receipt of financial aid accrediting organizations in order to fulfill accrediting functions.
- Appropriate persons, if such information is needed to protect the health or safety of the student or others.
- A student’s written release of records is required for the following:
  - Use of University photographs for identification purposes by agencies outside the University;
  - Information requested by police and government agencies conducting security clearances and background checks.

Personal information may be transferred to a third party only on condition that the party does not permit other access to such information without the written consent of the student. A written notice of this condition must be included with any information released.

The University Registrar can provide directory information: name, address, dates of attendance, major, degrees received, and the most recent previous educational institution attended. All inquiries about directory information should be referred to the Registrar’s Office. Students may request that their directory information not be released without their consent. This request must be made in writing to the Registrar within three weeks of the first day of classes.

The University must maintain a log of requests for information from students’ records, excluding directory information.

Students may file complaints with the Department of Education concerning alleged failures by the University to comply with this law.

STATEMENT ON AIDS
Current knowledge affirms that persons testing Human Immunodeficiency Virus (HIV) positive do not pose a health risk to others in an academic setting. The American College Health Association (ACHA) states that there is no risk created by casual contact with an infected person. Briar Cliff supports the ACHA recommendation that institutions not adopt blanket policies concerning students with AIDS-related conditions, but rather respond to each case specifically. The coordinator of health services, the nurse practitioner and the Vice President for Student Development will:
• Manage the process of individual cases;
• Assist in organization of AIDS educational programs; and,
• Recommend any necessary policy or procedure decisions.

ADDITIONAL CONSIDERATIONS FOR PREVENTION OF AIDS
• Abstinence from intimate sexual contact and avoidance of shared needles are ways to avoid transmitting AIDS. The efficacy of condoms for preventing HIV is unproven, but the consistent use of them with spermicide containing nonoxynol-9 may reduce transmission.
• Toothbrushes, razors, and other implements that may become contaminated with blood should not be shared.
POLICY ON SEXUAL VIOLENCE AND SEXUAL HARASSMENT
In accordance with Title IX of the Education Amendments of 1972 and state civil rights law, Briar Cliff University does not discriminate on the basis of sex in its education programs and activities. Discrimination on the basis of sex can include sexual harassment or sexual violence.

Briar Cliff University pledges to maintain an environment that promotes the development of healthy relationships and respect for individuals.

The University prohibits sexual violence and sexual harassment in any form, (including sexual misconduct, dating/relationship violence and stalking). Sexual violence and sexual harassment are often misunderstood and under-reported. It is important that students understand these issues so they can avoid committing or being victims of such behavior.

If sexual violence or harassment occurs, it should be reported so the University can take immediate and appropriate action to investigate or otherwise determine what occurred. The University has a duty to attempt to end sexual violence and harassment, prevent its recurrence, and address its effects. This duty may exist separate and apart from any corresponding criminal investigation.

The University has appointed a Title IX Coordinator, Louise Paskey, the Vice President for Student Development, who can be reached at (712) 279-5494; Student Development Office, Stark Student Center, louise.paskey@briarcliff.edu

Any questions about a student’s rights under Title IX, (the federal law that prohibits discrimination on the basis of sex in education programs and activities) can be directed to Louise Paskey, Title IX Coordinator, or the Office of Civil Rights for the Department of Education.

IMPORTANT DEFINITIONS
Sexual violence means physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent. A number of acts fall into this category, including rape, sexual assault, sexual battery and sexual coercion.

Under State law, “Sexual Abuse” is a crime and is defined as any sex act between persons performed under any of the following circumstances: a) the act is done by force or against the will of the other. If the consent or acquiescence of the other is procured by threats of violence toward any person or if the act is done while the other is under the influence of a drug inducing sleep, or is otherwise in a state of unconsciousness, the act is done against the will of the other; b) the other person is suffering from a mental defect or incapacity which precludes consent, or lacks the mental capacity to know the right and wrong of conduct in sexual matters; c) the other person is a child. (Iowa Code Section 709.1).

Consent means the mutual deliberate and voluntary agreement to engage in sexual activity. Consent is a clear YES to the sexual act. Consent is an ongoing process and must be obtained for each level of sexual contact. Even if a victim does not resist or if the victim knows the offender, the law does not presume consent.
Sexual violence includes sexual assault, sexual harassment, sexual exploitation, and sexual intimidation and can be committed by men or women. It can occur between people of the same or different sex. It may include any touching or fondling of the victim’s genitals, breasts, thighs or buttocks directly or through the clothing without the victim’s consent.

In addition to being forbidden by this policy, sexual misconduct may be a violation of state criminal law and of other University policies.

Stalking is a course of conduct directed at a specific person that would cause a reasonable person to feel fear. Examples of prohibited stalking can include but are not limited to (a) non-consensual communication including in-person communication, telephone calls, voice messages, text messages, email messages, and other social networking communications, letters, gifts, or any other communications that are undesired and/or place another person in fear; (b) Following, pursuing, waiting, or showing up uninvited at a workplace, place of residence, classroom, or other locations frequented by the victim.

Sexual harassment may include unsolicited and deliberate sexually explicit statements, gestures, or physical contacts which are objectionable to the recipient, cause discomfort, humiliation, or intimidation, or create a hostile and offensive environment. Sexual harassment may involve pressure from a person of either gender against a person of the opposite or same gender.

**Examples of Sexual Harassment:**
- Demanding or soliciting sexual favors accompanied by implied or overt threats;
- Creating an offensive interpersonal environment;
- Comments or jokes referencing sex or sexual orientation;
- Unnecessary touching or leering at another’s body; and,
- Sexist remarks about clothing, body, or sexual activities.

**Reporting Sexual Violence to Law Enforcement**
The University encourages victims of sexual violence, (including date/acquaintance rape) to report such actions to the local police department. The Campus Security Office (Heelan Hall) can assist students in making such reports.

**In the Event of Sexual Assault You Should**
Go to a safe place. Call 911, 1-800-982-SAFE (7233) or the Rape Crisis Center (258-7233).
- Tell the first person you see what happened. This account could corroborate your testimony if you decide to report or prosecute.
- Talk with someone you trust: a friend, your RA, a faculty member, Residence Life Area Coordinator, the Assistant Dean of Students, the Director of Health Services or Director of Counseling Services.
- Seek medical attention at an emergency room. Request tests for pregnancy and sexually transmitted diseases.
- Do not shower, bathe, or douche. Preserve physical evidence, such as clothing. Resist the urge to change clothes or clean up the area until medical and legal evidence is collected.
- Request a urine test as quickly as possible to detect the presence of sedating substances.
PROCEDURES FOR REPORTING SEXUAL VIOLENCE/MISCONDUCT TO THE UNIVERSITY
The University urges students to report all incidents of sexual violence or misconduct or harassment to the Title IX Coordinator, or the Assistant Dean of Students. Students are strongly encouraged to report incidents of sexual misconduct as soon as possible after the incident occurred. While addressing concerns about confidentiality, students will be informed of their rights, the options available for recourse, and the contacts for professional counseling and other supports. In situations that require an immediate and decisive response, the University authorizes the Assistant Dean of Students to coordinate all necessary action.

Complaints of sexual violence/misconduct, stalking, or harassment against a member of the University community will be investigated and adjudicated in accordance with the applicable University procedures. University disciplinary action may be taken whether or not criminal charges are filed and without regard to whether the conduct occurred on or off the campus.

INTERIM MEASURES
Where appropriate, the University may implement interim measures to protect the complainant, which could include, but are not limited to, changing academic or work schedules or living arrangements and providing such academic, counseling, or other supports as are prudent in the circumstances. In certain cases, the University may impose a “no-contact” order against the alleged perpetrator.

CONFIDENTIALITY
Students should communicate clearly with the University any concerns about confidentiality and the University will honor such requests to the extent possible. Where a student victim of a sexual assault requests that his or her name not be disclosed, the University’s ability to fully respond to the incident may be limited. The University’s policy prohibits retaliation and steps will be taken to prevent retaliation and to strongly respond to it if it occurs.

STUDENT GRIEVANCE PROCEDURE FOR SEXUAL VIOLENCE ALLEGATIONS
Informal means of resolution may be appropriate and are an option for students. If informal resolution is not successful or is not appropriate in the circumstances (such as in a sexual assault case), or at any time until the informal process is concluded, the complainant may elect to request a formal investigation/grievance procedure.

FORMAL GRIEVANCE PROCEDURE
The accuser and the accused individually will meet with the Assistant Dean of Students. Each will be allowed to choose a support person (from a list of designated Briar Cliff University Faculty or Administrators) who is present during the process.

The Assistant Dean of Students will determine if the matter is within the University’s jurisdiction (generally, this requires the party or parties to be current students/members of the campus community, and the incident to have occurred on campus or off-campus with a resulting effect on the campus environment) whether a different University policy/procedure should be followed, whether further investigation is necessary and/or whether a hearing is
recommended. Any investigation will be adequate, reliable, impartial and prompt and will include the opportunity for both parties to present witnesses and other evidence.

Both parties will be notified in writing of the outcome of any investigation, which will be determined based on the “preponderance of evidence” standard (“more likely than not”). This process should be completed promptly; generally, not longer than 30 days absent unusual circumstances.

HEARING OR APPEAL PROCEDURES
If a hearing is deemed necessary by the Assistant Dean of Students or if either party desires to appeal a decision of the Assistant Dean of Students, the Vice President of Student Development will appoint a three-person hearing panel to adjudicate the case or hear the appeal. Panel members should have no conflict of interest and preferably should not be teaching or working with the students involved in the case. An appeal from a decision of the Assistant Dean of Students must be submitted in writing to the Vice President for Student Development within 5 days of the decision.

- The Vice President for Student Development or his/her designee will serve on the Panel as a non-voting facilitator.
- Prior to the hearing, both the accuser and the alleged perpetrator will be given notice of the date, time and place of the hearing; the names of the Panel members (and opportunity to raise any conflict of interest concerns); their right to have an advocate of their choice attend the hearing; their right to present witness testimony and other evidence; and their right to submit written statements to the Panel detailing the charges or any defense.
- The hearing itself is closed. The University support person for a party may provide counsel but may not speak for the party.
- In the case of a sexual assault or abuse complaint, the parties may choose an attorney for their advocate.
- The Panel will formulate specific procedures to deal with the presentation of evidence, witnesses, and cross-examination and any other matters as appropriate to the conduct of the hearing.
- A “Preponderance of the Evidence" will be the standard of proof. The Panel may hear new evidence on an appeal.
- The Panel will strive for consensus but may determine the outcome of the proceedings by majority vote.
- The Panel is empowered to impose such measures as it deems appropriate. Disciplinary measures may include, but not be limited to, fines, work assignments, discontinuation of scholarships or privileges, dismissal from the residence halls or from campus events, temporary suspensions or permanent dismissal (expulsion) from the University.
- Panel members must maintain the confidentiality of the proceedings.
- Within ten day of the conclusion of the hearing, the Panel will inform both parties of the final outcome of the complaint (including information pertaining to sanctions where the proceeding involved a finding of sexual violence).
Students always have the option to seek legal remedy in the courts through local law enforcement whether or not the incident occurred on campus and whether or not the alleged assailant was a Briar Cliff student. University officials will stand ready to:

- Assist students with notifying police,
- Help secure an advocate from the Council on Sexual Assault and Domestic Violence to guide students through the legal processes, and
- Consider appropriate interim measures to support the victim.

If a Briar Cliff student is criminally convicted of (or pleads guilty to) sexual assault or any other felony, Briar Cliff University reserves the right to determine the student’s standing with the University.

**UNIVERSITY AND COMMUNITY SERVICES**

If you feel you have been sexually abused the Director of Counseling Services at Briar Cliff University can provide confidential counseling and can be contacted at 279-5433. Counseling for victims is also available through the Council on Sexual Assault and Domestic Violence, 258-7233. If you are a victim of date or acquaintance rape, you are not to blame.

Whether or not you report the rape or engage in legal action, you should consult CSADV at 258-7233 or the Director of Counseling Services at 279-5433 to begin the healing process. Counseling services also are available for perpetrators either in the Counseling Center or at a community mental health agency. Counseling provides an environment in which perpetrators can learn new behaviors.

**PROCEDURES FOR REPORTING SEXUAL HARASSMENT TO THE UNIVERSITY**

If a student feels that they are being sexually harassed, first, if possible, inform the individual that you feel you are being harassed and ask them to stop.

If the harassing behavior continues contact Louise Paskey the University’s Title IX Coordinator, (712) 279-5495, louise.paskey@briarcliff.edu.

Other options for reporting harassment include the following (who will also alert the Title IX Coordinator):

- Director of Human Resources
- Vice President for Academic Affairs
- Title IX Coordinator for Athletics

Submission of a good faith complaint or report of discrimination or harassment will not affect the complainant’s or reporter’s future employment, grades, educational or working environment.

All complaints will be promptly investigated and acted upon as necessary to ensure that the discrimination or harassment stops and does not recur. Informal methods of resolution, such as facilitated mediation, may be requested by the complainant, however, the complainant has
the right to end such informal processes at any time and begin formal procedures. Note: in cases involving sexual violence, mediation is never an appropriate process for resolution.

Depending on the allegations, the sexual harassment grievance procedure may be followed or the University may deem other procedures applicable. In any such procedure, both parties will have the same opportunities to present evidence and witnesses, and to request an appeal should appeal rights be available. Both parties will also be notified of the outcome of any investigation. The complainant may also be notified if any sanctions are imposed that directly relate to the complainant.

The University will take any and all appropriate action (up to and including termination or expulsion), against any employee, student, agent or any other person under the control or supervision of the University, who is found to have engaged in harassment or who retaliates against any person who reports, testifies, assists, and/or participates in a proceeding, investigation or hearing relating to an incident of alleged discrimination or harassment.

**STUDENT CONDUCT PROCESSES**
Briar Cliff is a community of learners within the Catholic and Franciscan traditions of service, caring, and openness to all. While the University affirms individual rights, individuals must accept their responsibilities toward the community. Each student must know the living standards in this handbook. Unfamiliarity with policies does not excuse noncompliance. Students who violate University standards of conduct must meet with designated member of Student Development staff. Decisions of these authorities will be final, pending the normal appeal process as outlined below.

**VIOLATION OF LAW AND UNIVERSITY POLICIES**
Students violating laws or University policies off campus may incur penalties from civil authorities. When students violate federal, state, or local laws, the University may also undertake discipline actions and impose sanctions. Proceedings under the student conduct code may be carried out prior to or following civil/criminal proceedings. Violations of University policies that are documented by Residence Life Staff, Campus Security, or through an individual report will be adjudicated by a designated staff member within the Office of Student Development. Testimony and statements by witnesses are considered information and must be given credence.

**STUDENT CONDUCT BOARD**
The Student Conduct Board is comprised of students, administrators and faculty to determine sanctions for alleged violations of the Student Handbook. Students may be referred to the Board at the discretion of the Assistant Dean of Students, Vice President for Student Development, or the Office of Academic Affairs.

**APPEALS PROCESS**
Students appealing student conduct decisions must appeal in writing and submit appeal to the designated Appeal Officer within three business days of the original judgment. The decision of
an Appeal Officer is final. In cases of any appeal, sanctions will be enforced immediately and remain in effect until the appeal is completed. An appeal is not a re-hearing of the same information. Rather, responsibility rests with the student making the appeal to present new information or new ways to interpret the information.

**Appeals Board**

Students may choose to appeal directly to the Student Appeals Board. To appeal directly to the Student Appeals Board, a request in writing must be delivered to the Vice President for Student Development or Assistant Dean of Students within three business days of the original outcome pertaining to the student conduct case of which they are appealing. The Vice President for Student Development or Assistant Dean of Students must verify the legitimacy of the appeal before convening the Appeals Board. The decision of an Appeals Board is final.

1. **Appeals Board Membership** The Student Appeals Board consists of faculty members, administrators, and students. The Vice President for Student Development or Assistant Dean of Students presents the case for the University.

2. **Function** The Appeals Board meets as needed. A quorum consists of three voting members of the Appeals Board. The Appeals Board must respect the rights guaranteed to students in the Student Handbook. The proceedings of the Appeals Board may be audio taped and filed in the Student Development Office.

3. **Appeals Procedure** Appeals are submitted in writing to the Vice President for Student Development or Assistant Dean of Students who determines if the Appeals Board will be convened and selects Appeal Board members for the appeal hearing.

4. **Hearing Procedure** The Appeals Board is closed to the student body and the public. The student appealing must attend. The Vice President for Student Development or Assistant Dean of Students summarizes the charges against the student, specifies the University policy violated, and states the penalty imposed on the student. Then, the student is invited to present a case that appeals either the decision or sanctions. If the student wishes to present witnesses, signed statements must be presented to the Vice President for Student Development or Assistant Dean of Students no less than two days before the Appeal Hearing. No witnesses will be heard by the Appeals Board unless this condition is met. Testimony by witnesses for the student must be relevant to the case. The Appeals Board has the right to question the Vice President for Student Development or Assistant Dean of Students, the student and witnesses. After the appeal has been presented, the board will deliberate and make a decision based on the new information presented. A majority of members present will determine the decision of the Appeals Board. Decisions of the Appeals Board are final. The Board may make the following decisions: a. Uphold the decision and sanctions b. Reverse the decision c. Modify the sanctions

5. **Appeals by Organizations** Official campus organizations have the same right of appeal as do individual students, subject to the following conditions: • BCU campus organizations include all clubs recognized by the Student Development Office. If certification of a group is disputed, the Vice President for Student Development has final authority. • Only the advisor or the president of an organization may file an appeal on behalf of the organization. • During the hearing, the organization may have its advisor present.
OFFICIAL SUMMONS
Students neglecting to answer a student conduct hearing summons within three days of the summons will receive a second summons and may be found in violation of the failure to comply with the policy. If students do not answer the second summons, a decision regarding alleged violation and sanctions will be made without the student’s presence. Failure to complete sanctions may result in additional sanctions, including a fine.

JURISDICTION
Students are responsible for their own personal safety while engaged in off-campus activities. Students are urged to report any criminal activity that occurs to the local police, Campus Security, Assistant Dean of Students or Vice President for Student Development. Any student engaged in crime or activity contrary to regulations and policies outlined in the Student Handbook off-campus may be subject to University student conduct processes and sanctions.

STUDENT CONDUCT SANCTIONS
Briar Cliff University specifies standards of conduct that the University expects all students to know and to uphold. Violence, destruction of property, all forms of harassment, discrimination, and threatening behaviors are unwanted and out of place at Briar Cliff. The University will make a strong, immediate response to these behaviors.

Briar Cliff University does not specify detailed sets of rules governing student conduct. However, Briar Cliff University will administer whatever disciplinary action necessary toward the goal of enhancing the overall good of individual students and the community. The University maintains the right to fine, to assign work, to discontinue scholarships or privileges, to require treatment or rehabilitation, to exclude from the residence halls, to temporarily suspend or permanently dismiss students from the University. Students may receive one or more sanctions for violating community living standards.

CAMPUS WORK
Students or groups may receive work assignments for violating campus regulations or as restitution for loss or damage caused.

COMMUNITY RESTITUTION
Students or groups may be required to complete a community service assignment.

COUNSELING OR REHABILITATION
Students may be required to meet with a counselor for a specified period of time or engage in other types of medical treatment or rehabilitation.

FINES
Students or group fines may be levied for actions contrary to University policy. Alcohol fines are used for materials and programming related to alcohol education. Damage fines cover the cost of repair and/or replacement. Other fines are used for materials and programming related to student wellness.
EDUCATIONAL SANCTION
Any project assigned to a student with the intent to enlighten, educate, and reflect on the violation(s), including essays, presentations, signs, apology letters, and other such activities.

RESTITUTION
Students or groups may be required to reimburse the University or individuals for repair or replacement expenses.

OFFICIAL WARNING
A student or group may be given an official warning by the University. The student or group is informed about the seriousness of their conduct and is cautioned that future misconduct will result in further disciplinary action. Written notification is given to the student or group. A copy of the letter is placed in the student’s confidential file in the Student Development Office.

DISCIPLINARY PROBATION
A student or group may be given disciplinary probation by the University. Disciplinary probation may include exclusion from participation in some or all activities for a specified time. A student on disciplinary probation may be excluded from representing the University in any official manner. Violation of University regulations during the probation is grounds for further disciplinary action. Written notification is given to the student. A copy of the letter is placed in the student’s confidential conduct file in the Student Development Office.

HOUSING PROBATION
A student may be placed on student housing probation by the University. Major or consistent rule violations or a pattern of disregard for the rights of others may result in student housing probation. A student who is on housing probation loses specified privileges as pertains to student housing up to and including living in campus housing for a specified time. Written notification is given to the student. A copy of the letter is placed in the student’s confidential conduct file in the Student Development Office.

DISMISSAL FROM HOUSING
A student whose behavior is detrimental to community living may be required to withdraw from campus residency. Loss of residency also means the student loses visitation privileges in the residence halls. Written notification is given to the student. A copy of the letter is placed in the student’s confidential conduct file in the Student Development Office.

SUSPENSION
A student may be suspended from any or all activities on campus, including class attendance. The suspended student may not take part in any activities he/she is suspended from or may not be on campus for any reason without permission from the Vice President for Student Development or Assistant Dean of Students. Failure to follow suspension guidelines as defined is cause for further disciplinary action. Faculty members have the option of providing students who have been suspended the opportunity to make up missed requirements. Written notification is given to the student. A copy of the letter is placed in the student’s confidential conduct file in the Student Development Office.
DISMISSAL
The student is dismissed from the University. The dismissal action may be permanent, may involve a specified time, or may remain indefinite, subject to reconsideration at a later date. A grade of W (withdrawal) will be recorded for each course on the official university record. Written notification is given to the student. A copy of the letter is placed in the student’s confidential conduct file in the Student Development Office. A notification is made on the permanent record in the Registrar’s Office. Unless otherwise stipulated, all dismissal sanctions include a ban from campus.

STUDENT GRIEVANCE PROCEDURES
To support its commitment to equity and due process, Briar Cliff establishes the following procedures for addressing student grievances. Students always maintain the right to seek legal recourse in public courts of law.

A grievance constitutes a formal complaint contesting the perceived injustice of a specific action or judgment imposed directly upon the grievant(s) by a Briar Cliff official or an officially sponsored University organization.

Note: Grievance Procedures are not avenues for appealing disciplinary sanctions. Nor are the grievance procedures proper arenas for contesting the wisdom of a specific University policy.

BRIAR CLIFF STUDENTS MAY FILE THREE TYPES OF GRIEVANCES:
Academic Issues: Regarding course grades, academic practices, or academic integrity.

Administrative Issues: Regarding application of college policies; decisions pertaining to Briar Cliff’s co-curricular program; and decisions regarding student records, rights, financial matters, and campus employment.

Discrimination Issues: Regarding unjustified or unlawful discrimination in the areas of race, color, religion, national origin, gender, sexual affinity, age, handicap or disability, status as a Vietnam-era or special disabled veteran, or Title IX compliance.

FOR GRIEVANCES REGARDING ACADEMIC ISSUES
Appealing Grades: Students wishing to appeal grades or other academic practices (excluding academic integrity issues) should follow these procedures:
1. Discuss the concern with the faculty member involved. If not resolved,
2. Appeal to the program director in writing within three working days of discussing the grievance with the faculty member. Include in the written document circumstances of the grievance, specific concerns, and a proposed remedy. The student is notified in writing of the program director’s decision. If not resolved,
3. If the program director is not also the department chairperson, appeal to the department chairperson in writing within three working days of discussing the grievance with the faculty member. Include in the written document circumstances of the grievance, specific
concerns, and a proposed remedy. The student is notified in writing of the department chairperson’s decision. If not resolved,

4. Appeal to the Vice President for Academic Affairs in writing within three working days of notification by the chairperson. Include in the written document circumstances of the grievance, specific concerns, and a possible remedy. The student is notified in writing of the Vice President for Academic Affairs’ decision.

5. In all cases, the decision of the Vice President for Academic Affairs is final.

FOR GRIEVANCES REGARDING ADMINISTRATIVE ISSUES AND DISCRIMINATION ISSUES

The student should approach the person he/she perceives to be responsible for the offense in order to work out a solution. If the grievance remains unresolved after five working days, the student then may bring the issue to the immediate supervisor of the person against whom the grievance is being made.

If the grievance remains unresolved after 10 working days, the student through the Vice President for Student Development may ask in writing that a hearing be convened to evaluate the merits of the grievance. The Vice President for Student Development will appoint a three-person Grievance Board, consisting of one faculty member, one administrator and one student to review the grievance. The student’s concisely written request should include the substance of the grievance, the avenues that already have been pursued, and the specific relief desired.

At the earliest possible date and within 15 working days of the receipt of the student’s written request, the Grievance Board will inform both the grievant and the respondent in writing of the committee’s decision to conduct or not conduct a formal hearing.

If Grievance Board members believe that the grievance has sufficient merit to conduct a formal hearing, they will send letters to the grievant and respondent outlining the specific grievance and suggesting a timeline for the proceedings. Any schedule must consider the time constraints inherent within or between semesters. All parties will receive written allegations. Respondents may waive the right to attend the proceedings of the Grievance Board.

GRIEVANCE BOARD COMPOSITION

Members of the Grievance Board should excuse themselves from participation in a formal hearing of a student grievance, if they have any conflicting interests. All members of the Grievance Board are subject to the approval of both parties in the grievance.

BOARD PROCESSES

Throughout all proceedings, the Student Grievance Board must maintain utmost concern for the dignity, safety, and comfort of all parties involved in the process.

Both the grievant and the respondent may seek counsel from any member of the Briar Cliff community, excluding those serving on the Board.
The hearing itself is closed. Each party may invite one member from the Briar Cliff faculty, administration, or student body to attend the meeting with them. This person may provide counsel but may not speak for the grievant.

Each Grievance Board must choose specific procedures for how it will deal with the presentation of evidence, witnesses, and cross examination.

The “Preponderance of the Evidence” will be the standard of proof throughout the proceedings. The Grievance Board will ensure that both parties have access to all the evidence being presented and sufficient time to examine it.

The Student Grievance Board should strive for consensus but may settle the case by majority vote. Proceedings and resolutions of the Board must remain confidential unless both parties agree in writing to release the information. In all cases, the decision of the Grievance Board is the final action in the Briar Cliff Grievance Procedure.

ACADEMIC INTEGRITY
Briar Cliff strives to create an environment where the dignity of each person is recognized. Accordingly, integrity in relationships and work is supported and rewarded, and honesty in academic matters is expected of all students. Actions which are contrary to the spirit of academic integrity will not be tolerated. Any attempt to misrepresent someone else’s work as one’s own, receive credit for assignments one did not do, obtain an unfair advantage over other students in the completion of work, or aid another student to do the above will be considered a breach of academic integrity. These include:

- Obtaining, disseminating or using unauthorized materials for the completion (by oneself or another student) of an examination, paper or assignment;
- Unauthorized collusion with another student in completing an assignment;
- Submitting as one’s own the work of another student or allowing one’s work to be submitted for credit by another;

- Computer theft which includes unauthorized duplication of software, unauthorized access into accounts other than one’s own and the use of University resources (computer facilities, networks, software, etc.) for financial gain;
- Plagiarism: the representation of another’s ideas, statements or data as one’s own.

Plagiarism includes copying, paraphrasing or summarizing another’s work (even if that work is found on the Internet) without proper acknowledgment (footnotes, in-text credit, quotation marks, etc.). For a more detailed explanation of what constitutes plagiarism and how to avoid it, refer to The Little Brown Handbook, available in the University bookstore and Bishop Mueller Library.

The policy of Briar Cliff University is that for an individual’s first offense, the student’s instructor or work supervisor will determine an appropriate penalty, with a possible penalty of “F” for the course or termination of employment. For a second offense, the instructor or supervisor and the vice president for academic affairs will determine an appropriate penalty, up to and including dismissal from the University. For an offense after the second, the vice president for academic affairs will determine an appropriate penalty, up to and including dismissal from the University. Depending on the nature and severity of the offense, the University reserves the authority to exact maximum penalty even in the case of a first offense.

In all cases of alleged academic dishonesty, the faculty member or work supervisor shall, in writing, notify the student of the specific charges and circumstances and a copy of the notice shall be sent to the vice president for academic affairs. If the student wishes to deny the
allegations or appeal the penalty, he/she must, within 10 working days, file a written intent to appeal, first the program director or the work supervisor’s immediate superior. If the appeal is not resolved and the student wishes to continue the appeal, the student must, within three working days, file a written intent to appeal with the department chairperson, if applicable. If the appeal is not resolved and the student wishes to continue the appeal process, the student must, within three working days, file a written intent to appeal with the vice president for academic affairs.

If the instructor is the program director of the department, the appeal shall be directed to the department chairperson, if applicable. If the instructor is both the program director and the department chairperson, the appeal shall be directed to the vice president for academic affairs.

The person to whom the appeal is made will weigh the evidence presented (in writing or at an oral hearing) by both the student and the instructor or work supervisor and make a judgment. If the matter is not resolved to the satisfaction of the student, faculty member, supervisor, department chair or program director, the appeal process will continue to the vice president for academic affairs, whose decision will be final. If a student is found in violation of the University’s Policy on Academic Honesty, the student may be subject to disciplinary review that may include an appropriate penalty, up to and including dismissal from the University. Depending on the severity of the offense, the University reserves the authority to exact maximum penalty even on the first offense.

All material and information relative to any violation of academic integrity shall be kept by the vice president for academic affairs in a special file during the period in which the student is enrolled at Briar Cliff University, serving only as a statement of record if the student is subsequently charged with a violation of academic integrity. In case of an appeal, the file will be destroyed if the student is found not guilty of the offense. If the student is found guilty, the file remains until the student’s graduation from Briar Cliff University or three years after the student’s last date of enrollment.

In order to support the academic integrity statement, faculty members are expected to administer, monitor and evaluate tests and other assignments in a fair and consistent manner.

APPLICATION PROCESS TO GRADUATE PROGRAMS

The Office of Admissions at Briar Cliff University administers the application process for graduate programs. Each graduate department determines eligibility and acceptance for the program. When the Office of Admissions receives an application and all proper documentation, the applicant will be sent an acknowledgement that these items have been received. The respective graduate department will review all applications, determine acceptance and notify applicants of their status. Each graduate department may opt to have admissions deadlines, as well as interviews. All applicants who meet the minimal admissions requirements will be approved for the pool of the specified graduate program. From this pool of approved applicants, those who (a) best exemplify the admission requirements, and (b) are most likely to benefit from the program, will be admitted until the program is full. Once the program is full, the approved applicant may be placed on a waiting list.

Before a decision is made regarding admission to the graduate program, the following must be received by the Office of Admissions, unless a centralized application system is utilized by the Department:

- One copy of the formal application for admission.
- A minimum cumulative grade point average (GPA) of 3.0 (on a 4 point scale) from the undergraduate program from which one received his/her degree.
- An official transcript from all prior undergraduate and graduate study documenting a baccalaureate degree from an accredited program.
- Two letters of reference/recommendation from individuals within the profession.
- A $35.00 non-refundable application fee, which must accompany the application (waived for Briar Cliff alumni).

Additional admission requirements may be made by each graduate program.

TRANSFERABLE CREDITS

Nine credit hours of graduate course work with a minimum grade of 3.0 on a 4.0 scale in each course may be transferred into the graduate program from another accredited institution if they meet the requirements of the graduate program and have been completed within five years of acceptance into the program.

Courses taken from a non-accredited institution will not be accepted.

ADMISSIONS PROCESS

- Once an applicant’s application folder is complete, the file will be transferred to the office of the graduate program.
- Each graduate program will determine and publish the mode for evaluating applications, including whether or not interviews will be part of the process, as well as the maximum number to be admitted, waiting list procedures, and application deadlines.
- Notification of admission to the graduate program is made by the respective department. After the department notifies the applicant of admission to the graduate program, the
student will have a defined amount of time to accept or decline admission to the program. If accepting admissions, the student must pay a $250 non-refundable deposit that will be applied to the tuition for the first semester. Upon accepting placement and paying the deposit, the student will receive a packet of required documents to complete and return. Students must return the completed paperwork prior to starting classes. Students may be required to complete background checks and/or drug screens based on the graduate program and/or clinical placements. Outcomes of these tests may affect the admission status for the applicant.

**CONDITIONAL ACCEPTANCE**

An applicant may be conditionally accepted to a program if he/she has not completed all prerequisite requirements, completed department specific requirements, etc. All conditional requirements must be completed, with appropriate documentation provided, prior to starting the program.

If the applicant does not meet the minimum grade point average (GPA) requirements, but meets all other requirements, the applicant may be conditionally approved for admission to the program. In order to continue enrollment, the student must achieve a 3.0 grade point average on a 4.0 scale for the first semester of courses, excluding the first summer. The student will then change to regular acceptance status and be allowed to register for additional courses in the program.

**HEALTH STATUS**

A health appraisal may be required for certain graduate programs. For those programs, a completed Briar Cliff University health form must be on file in the health office prior to beginning the program. It is the policy of Briar Cliff University not to admit to these program any applicant whose health, in the judgment of the University, might impair the ability to render safe care.

The student may also be required to submit a record of immunizations, including a second MMR if the student was born after 1957. Certain graduate departments may require that students who have not had clinical evidence of chicken pox receive the Varicella vaccine and/or titer. Students may also be required to submit validation of a Hepatitis B vaccine or sign a waiver releasing the agency and Briar Cliff University of responsibility prior to beginning clinical experiences. Additional requirements for certain graduate programs include a Mantoux Test (TB) or report of chest X-ray, which should be submitted at admission to the major and every year prior to beginning the clinical experience. If the Mantoux is positive, the student must be followed up by a physician. Students may not progress within the program and/or clinical courses unless appropriate tests and vaccinations are completed.

Additionally, various graduate programs may have essential functions and technical standards which students must meet in order to progress in the respective program.
BACKGROUND CHECK
In order to maintain the highest standards possible and protect the safety of the public, certain graduate programs may institute a mandatory background check. Students participating in programs that require such checks will be required to submit data for a certified background check at their expense. Individual departments will determine the type of background check that must be completed and when they must be completed by. Students each have confidential access to the results of their own background check status, but will be reviewed by each graduate program. Should there be a negative background check finding, the department will determine if a student is eligible to participate in the program and/or clinical courses. Eligibility is based on the nature of the finding, clinical site requirements, and licensure board rules. Students may submit an appeal and supply additional data that may be have benefit. Appeal decisions will be judged on documented factual issues. Students may be dismissed from the program in which they are enrolled for not being truthful on an application and/or a negative finding before or during the program of study.

HEALTH INSURANCE
All students carrying nine or more credit hours on the Briar Cliff University campus are required to carry health insurance. Coverage may be through the student’s parents or through insurance students carry on their own. Policy information is requested during the validation process and is maintained as a part of the student’s university record.

ADDITIONAL CERTIFICATIONS
A certain graduate programs may require additional certifications or trainings prior to matriculation into the program. This may include, but is not limited to completion of training for child and dependent adult mandatory reporters, as well as CPR and AED for the Health Care Provider Certification. Students participating in programs that require such trainings must do so at their own expense.

PROGRESSION REQUIREMENTS

DEVELOPMENT OF A PLAN OF STUDY
At the time of admission, the graduate student is assigned an academic advisor. The student should make an appointment to meet the academic advisor in order to become acquainted and to determine the student’s plan of study.

ACADEMIC ADVISING
Once admitted, the graduate student will meet with their assigned academic advisor who will serve as the academic advisor until graduation. Each student should meet with his/her respective academic advisor at least once each semester to discuss professional behavior and progression within the graduate program; more frequent meetings may be required by the advisor and/or department. Students should submit to their advisor the signed form at the front of this handbook denoting that they have read and understand what has been presented in the handbook.

PLAN OF STUDY CHANGES
Any change in an approved plan of study is to be initiated by the student in consultation with the academic advisor. The student and the academic advisor will fill out the Change of Plan of Study Form and submit the form to the Director of the respective graduate program. The Graduate Program Director will review the form and inform the student and the advisor of its acceptance or rejection. This must be adhered to even in the substitution of courses.

PROGRAM LENGTH/ TIME LIMITS
Once admitted, graduate students has a specified number of years, as determined by each program, in which to complete the program. Should the completion be delayed beyond this time, initial coursework will be outdated and will require update in order to apply towards fulfilling degree requirements.

OUTDATED COURSES ON PLAN OF STUDY
Courses on the Plan of Study taken 6 years prior to the completion of the graduate degree are considered outdated unless they have been used for another degree. Students may petition to update courses, but may only update 50% of the total coursework. Such petitions begin with the department in which the course is now being offered. The student must obtain documentation from that department verifying that her/his knowledge is current. If the course is to appear on the Plan of Study for the student, approval from the respective Graduate School Director is required.

PROCEDURE FOR UPDATING OUTDATED COURSE WORK
The following guidelines are designed to assist the student, advisor, and instructor in completing the update process:

- During the semester preceding the semester of the update, the student initiates the process with her/his academic advisor. The advisor will notify the current instructor of the course needing updating at the student’s request.
- The advisor will notify the student of the name of the instructor who has agreed to complete the update. It is the student’s responsibility to contact the instructor. The student must complete arrangements the semester preceding the update. Delay in arrangements
may result in delaying the updating process, as the agreement is based on time and faculty assignment in that particular semester.

It is the responsibility of the instructor to determine the requirements for a successful update, based on the current course requirements.

**COURSE OFFERINGS**

Graduate program courses will be offered as adequate enrollment, faculty, and available resources permit. Due to conditions beyond the control of Briar Cliff University, the School of Graduate Education reserves the right to modify, consolidate, or cancel courses. Graduate study may include required activities on campus and in off-campus locations for degree completion.

**GRADE POINT AVERAGE**

Students must maintain a cumulative GPA of at least a 3.0 for progression within a program. If a cumulative GPA falls below a 3.0, the student will be placed on academic probation for the following semester. A student who obtains a semester GPA of at least a 3.0 during a probationary semester, but fails to achieve a cumulative GPA of at least a 3.0, may continue in the Program, but will remain on academic probation until at least a 3.0 cumulative GPA is obtained. While on probation, if both the semester and cumulative GPAs are below a 3.0 at the end of a probationary semester, the student may be dismissed from the program. Students must have a cumulative GPA of at least a 3.0 in order to graduate. Graduate programs may have other requirements for progression based on their specific needs.

**GRADING**

Any course in which a student receives a grade below a “C-“ must be retaken at the student’s expense. With permission, students may repeat one graduate course in which a “D+,” “D,” or “F” was earned. Upon failing a second graduate course or failing a graduate course twice, the student is dismissed from the program. A student who needs to retake a failed course may be enrolled in the course on a spaced available basis. The course may be taken at another college or university, up to a total of 9 transferable credits, but the course should be approved for the appropriateness of the transferability by the program director prior to enrolling in the course. Specific programs may have additional grade requirements for core, specialty, and clinical courses.

The quality of the student’s work is indicated by the following grades and quality points:

The mark “I” signifies that work in a course is incomplete because of illness or circumstances beyond the control of the student or because an instructor feels further evaluation is needed before the grade can be determined. A student who receives an “I” at the end of a course must complete the necessary work within three weeks, or in the time specified by the instructor, or the “I” will automatically become an “F.”

The mark “N” signifies that a student’s grade has been delayed, not because the work is incomplete, but because the learning experience extends beyond the end of the semester. The grade is typically used for internships and field experiences. The “N” grade will not affect placement on the dean’s list or the probationary status of a student. All “N” and “I” grades must be cleared prior to graduation.

The mark “W” signifies withdrawal from a course and is given when a student officially withdraws from a course in the registrar’s office with the approval of the advisor. Students may not withdraw from a course after the end of the 70% point of the course. If they do so after the 70% point, they will earn a grade of “F,” unless they are completely withdrawing from the university.

The mark “X” signifies that a student has audited a class. No credit is earned when a class is audited. Students should consult with faculty members before registering to audit a class in order to determine the expectation faculty member may have of an auditing student. Full-time students may audit a course without additional charge. A student must register to audit prior to attending the course.

Grades are available through the BCYOU Student Portal on the Briar Cliff University web page (www.briarcliff.edu).

REPEATED COURSES
All courses taken appear on the student’s academic record, but when a course is repeated, only the most recent grade is calculated into the cumulative GPA. Students may repeat one failed graduate course with permission. Upon failing a second graduate course or failing a graduate course twice, the student is dismissed from the program. A student who needs to retake a failed course is re-enrolled in the course on a space available basis.

DROPPING A COURSE
Students may drop a course if done so during the first 5 days of the course with a 100% refund. No refund is given for withdrawing after 5 days. Students may withdraw up until the 70% point of the course and receive a “W.” If the student withdraws after the 70% point a punitive grade of “WP” for withdrawal passing or “WF” for withdrawal failing. The “WF” calculates as an “F” when figuring cumulative GPA. Please note certain graduate programs require that students pass certain courses prior to progressing in the program.
DISMISSAL FROM THE PROGRAM

A student may be dismissed from the program at any time for failure to meet the program’s standards of academic performance and progress. A student may be denied admission or be dismissed from the program for such things as:

• Poor academic performance,
• Conduct which violates the ethical or professional standards of the program.

GRADUATION

Students must have a minimum overall GPA of 3.0 and have completed the plan of study to satisfaction within six years of the student’s initial admission into the program. Various graduate programs may also have other requirements for graduation, including, but not limited to a scholarly paper, defense, oral, written, and/or practical cumulative examination.

INTENT TO GRADUATE

The student must file an “Application for Graduation” form with the Registrar’s Office in the semester prior to intended graduation. Graduation requirements will be determined by the respective graduate departments.
PROFESSIONAL BEHAVIOR
All graduate students are expected to adhere to the professional documents that guide their profession. Failure to adhere to the standards of professional behavior while a registered student in the program can lead to dismissal from the program. This includes, but is not limited to unethical, dishonest, and illegal conduct.

IN THE CLASSROOM
If a student’s behavior in a course is considered to be unsafe or disruptive by the faculty member, it is the responsibility of the faculty member to inform the student of the unsafe or disruptive behavior as soon as possible and provide guidance and direction for improvement. Should a student’s behavior continue to be unsafe or disruptive, the faculty member has the right to remove the student from the course. The student must be informed of reason for removal, and must be presented with a written learning contract within two working days. The written learning contract must include:

- A description of the unsafe behavior.
- The criteria that must be met for return to the classroom/lab area
- The date by which the criteria must be met
- The consequences of not meeting the criteria by the due date.

The written learning contract is signed by the faculty member and the student, and a copy is forwarded to the Graduate Program Director. The student is accountable for the terms of the contract.

UNSAFE OR UNACCEPTABLE BEHAVIOR DURING CLINICAL COURSES/PROFESSIONAL EXPERIENCES
If a student’s behavior is considered to be unsafe in the clinical setting, it is the responsibility of the faculty to talk with the student about the behavior and to provide guidance and direction for improvement. The guidance may include a learning contract. The following are examples of unsafe or unacceptable performance. However, this is not an inclusive list, and the final determination of unsafe behavior is based on the faculty member’s professional judgment:

- Inability to complete care within the established time frame.
- Inappropriate or untimely communication.
- Evidence of behaviors that reflect an impaired state.
- Evidence of inadequate preparation for clinical activities.
- Incorrect or inadequate assessment or intervention.
- Failure to follow dress code guidelines.
- Dishonesty.
- Failure to arrive on time for clinical activities.

In consideration of faculty guidance, should a student’s behavior continue to be unsafe in a clinical course and the student has chosen not to drop the course, the faculty member can choose to remove the student from the clinical area. The faculty should advise the student that they will fail the course; however, the student has ultimate responsibility to drop the course.

Please refer to specific graduate department handbooks for further information about expectations.
Behavior on University Related Trips
Behavior during University related trips reflects on the University, the School, the Department, and yourselves. Professional behavior is expected at all times. Students will respect the property and personal rights of others in all lodging, eating, meeting, and educational facilities. If a faculty member witnesses inappropriate behaviors on trips, they are obligated to submit a written report to the department chair on such behavior, which may result in departmental disciplinary action and/or dismissal.

Changes in Professional Status
It is the responsibility of the student to notify the respective graduate department of any changes in the status in the background check or potential licensure status as soon as possible.

Class Absences
Attendance at all classes is a university expectation. All students are held accountable for attaining the course outcome criteria despite absences. Although individual departments may have additional standards, the norm is that students are required to notify the course professor of all absences prior to the absence or immediately thereafter, in the case of an emergency. Students hold the responsibility for making up missed content and are required to submit proposed plans to make up the missed class activities no later than the next class period unless granted special permission in writing from the course professor. Individual instructors have the right to decide if graded activities that occurred during class may be made up. Online course expectations will be set out in the syllabi.

There are activities that are regarded by individual graduate departments as approved events for excused absences from classes, labs, or practicum. In order to be an excused absence, students must be attending these events either in conjunction with their participation in a professional organization, as a class assignment, or as a professional board or committee member. Students must arrange in advance with the course faculty member to request an excused absence from class and/or lab or practicum experience to attend approved events. The student is responsible for any missed course content.

Academic Integrity
Honesty is highly valued at Briar Cliff University. You must always submit work that represents your original words or ideas. If any works or ideas used in a class posting or assignment submission do not represent your original work or ideas, you must cite all relevant sources and make clear the extent to which such sources were used. Works or ideas that require citation include, but are not limited to, all hard copy or electronic publications, whether copyrighted or not, and all verbal or visual communication when the content of such communication clearly originates from an identifiable source. Please see the Academic policy section of Briar Cliff University’s Student Handbook more information about academic integrity, including consequences of academic dishonesty.
**SCHOLARSHIP INTEGRITY**

Students must adhere to integrity standards that pertain to research, including, but not limited to, proper submission and updates to Institutional Review Boards, obtaining proper informed consent, ethical treatment of subjects, appropriate record retention, upholding confidentiality, and appropriate dissemination of findings. Failure to do so may result in consequences up to and including expulsion from the program.
GRIEVANCE PROCEDURES

APPELLING GRADES

Please refer to Briar Cliff University’s Student Grievance Procedures above.

COMPLAINTS OUTSIDE OF DUE PROCESS (GRADUATE CLINICAL EXPERIENCES/PRATICUMS)

The following procedures will be followed in order to respond to complaints that fall outside of due process, such as those that may be submitted by clinical personnel, patients, or other stakeholders:

1. The Department Chair is responsible for handling complaints that fall outside of due process. In the event the Department Chair is not available or if it is inappropriate for the Department Chair to handle the complaint (e.g., the complaint involves the Department Chair), the complaint will be forwarded to the Vice President for Academic Affairs or to the Director of Clinical Education.
2. Complaints should be submitted in writing.
3. The Department Chair or his/her designee must respond to the complainant within 3 weeks of receiving the complaint. When appropriate, the Program Director or his/her designee may consult with other University offices and personnel in addressing the complaint.
4. Documentation regarding the complaint and any actions taken are maintained in a locked file in the Departmental office. In order to be accessible to stakeholders that are not covered by due process, a copy of these procedures are sent to the clinical sites and maintained on the program web-site.
PROTECTIVE POLICIES

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

Briar Cliff University is in full compliance with the federal law pertaining to student records. A complete statement of the Family Education Rights and Privacy Act of 1974 is available in the Office of Student Development. Please see the Student Records Section of Briar Cliff University’s Student Handbook above.

Students who request to release of information or letters of recommendation that include personally identifiable information from one’s educational record (GPA, grades, etc.) must provide a written and signed statement that gives authorization to a faculty member(s) to access and release information in one’s educational record. The document must specifically state what items may be accessed and shared (grades for all classes, grades for specific classes, GPA, class rank, etc.). This document will be kept in the student’s permanent academic record.

HUMAN SUBJECTS PROTECTION

Various graduate students may be required to participate in research involving human subjects, and faculty members are encouraged to make learning opportunities in research or service available to graduate students outside of class. The student’s involvement must be clearly outlines prior to the student being involved. Proposals should be submitted to the student’s primary project advisor by a designated date. If human subjects are involved in the project, the application must be sent to the appropriate Human Subjects Committee for approval. Data collection using human subjects cannot be initiated until approval from the committee has been received in writing. The project advisor will also help the student determine whether or not other approval are necessary before data collection begins.

Students who participate in any research involving human subjects are required to successfully complete a university or program approved training and obtain informed consent from individuals (or their guardians) who participate as subjects in research.

OCCUPATIONAL EXPOSURE TO BLOODBORNE PATHOGENS

If graduate students may be at risk for exposure to bloodborne pathogens, students will be given instruction in precautionary and infection control measures prior to the students’ first contact with patients, clients, human tissue, blood products, and body fluids. This includes instructing students on what constitutes an exposure and the protocol to follow in the event of an exposure.

In the event of an occupational exposure to blood or body fluids, the student is responsible for immediately reporting the incident to a faculty member, supervisor, employee health, or infection control official, as well as following-up with an appropriate health care provider for post-exposure management. After care is provided, the student must document essential information and a report to the Program Director as soon as possible. The student is responsible for payment of all post-exposure testing and follow-up.
HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)
Various graduate students may be involved with electronic health care transactions and health data. Graduate students involved with activities that may fall under national standards of HIPAA must successfully complete a course to ensure competency of this information prior to any clinical activity. All students are expected to adhere to HIPAA standards in all settings. Failure to do so may result in disciplinary action up to and including dismissal.

ADDITIONAL STUDENT INFORMATION
IDENTIFICATION CARDS
Students enrolled at Briar Cliff University are expected to carry a current student identification card. The card is the official university identification and may be used to gain admission to Briar Cliff University activities and facilities.

The card must be validated at the beginning of each year of enrollment at Briar Cliff by the Registrar’s office. Alteration of a Briar Cliff University identification card, except by university officials, is prohibited and will result in disciplinary action.

All students are held responsible for all uses of their card until its loss is reported in writing to the Registrar’s office. There will be a charge for replacing the card.

Lending this card or failure to present it when requested by authorized university personnel, i.e., student leaders, faculty members, or official members of the university staff, is in violation of university regulations and will result in disciplinary or legal action.

PARKING
For safety and security reasons, all cars parked on Briar Cliff property must have a valid parking permit. This includes students, faculty, staff, and visitors. Parking permits must be obtained from the Security Office (Ground Floor, Heelan Hall, 279-5430) at the time of orientation.

The responsibility of finding authorized parking spaces rests with the motor vehicle operator. Lack of a parking space, mechanical problems, or other disabilities are not considered valid excuses for failure to comply with these regulations.

Continuous violations of parking regulations as well as student vehicles found unregistered may result in referral by campus security for university disciplinary action. Frequent parking violators will be subject to towing or the application of the Denver Lock (boot) to their vehicle. The Security Office reserves the right to utilize these measures when deemed appropriate.

LIBRARY SERVICES
The Bishop Mueller Library is available for students on campus and by the World Wide Web.

PHOTOCOPYING SERVICES
Students are responsible for expenses of photocopying related to class presentations and other course assignments.
**STUDENT HEALTH CARE**
A registered nurse coordinates the health services. In addition, the nurse practitioner provides medical care during regularly scheduled hours on campus at no cost to the student. The Health Office provides educational programs and activities to encourage a healthy lifestyle. If a student is unable to see the nurse practitioner on campus, the nurse will assist the students in scheduling appointments with primary care providers off campus. The student may need to use insurance or pay an office fee.

Two excellent medical centers are in close proximity to the campus. Community health resources and a consulting staff of specialists are available through referral by the campus Health Office.

**TRAVEL**
Graduate students are responsible for their own transportation to class, labs and practicum placements. Unique assignments that involve group arrangements may be negotiated with the course professor. *Travel time does not count as clinical/practicum time and mileage will not be reimbursed.*

**USE OF UNIVERSITY VEHICLES**
Compliances with policies concerning the use of Briar Cliff University vehicles is critical. Violation of these policies will not be tolerated and could lead to those involved being dismissed from the program. Vehicles are for official use only. The driver must be a faculty member or students. Faculty, if present, command the vehicles and should be in possession of the keys.

A student driver is responsible for all aspects of the sentence when convicted of, or pleading guilty to, a traffic law violation. Passengers in the vehicle have a moral responsibility to help prevent traffic violations.

**INCLEMENT WEATHER**
If weather or another emergency warrants cancellation of classes, announcements will be made on local radio and television stations. An e-mail or text alert may also be sent out. When inclement weather interferes with scheduled class meetings because the University is closed, Department faculty may require students to make-up the lost time by attending evening or Saturday classes. On-campus classes should not be held if classes on the University are cancelled.

If a student is on an internship/preceptorship cancelation policies will be determined by the internship/preceptorship site, unless a program issues a universal cancellation.

**EMERGENCY PROCEDURES**
Fire evacuation and tornado emergency procedures are located in each building. Please review these procedures and discuss them with faculty if you have questions. Periodically there will be emergency drills to review these safety procedures. Students are expected to follow instructions and participate in the drills.
FACULTY OFFICE HOURS
Each faculty member will post office hours specific to their schedule. Students are expected to schedule face-to-face appointments within the set office hours. If a student requires a meeting time different than the scheduled office hours, the faculty member will make every attempt to accommodate the needs of the student. However, the student must be mindful of faculty workload and other responsibilities.

TRANSCRIPTS
Transcripts can be obtained from the Registrar’s Office (provided all financial obligations to the university have been met) by completing the “Request for Transcript” form and paying the appropriate fee.

COMMENCEMENT
Candidates are urged to attend departmental, School, and University commencement exercises.

OPPORTUNITIES FOR STUDENT PARTICIPATION IN DECISION-MAKING
Briar Cliff University offers a number of ways in which graduate students can participate in the decision-making related to their respective graduate programs, such as sitting on committees, attending faculty meetings, and proving input related to program effectiveness and suggestions for change and improvement.

In order to evaluate the on-going effectiveness of teaching and learning in the graduate program, students are invited to participate in the assessment process at the completion of each course, at the end of the program, and as alumni. Student input is vital to continual quality improvement of the program. The feedback provided is utilized by faculty in an ongoing process of curriculum development and revision.

DEPARTMENTAL STUDENT HANDBOOKS
Graduate departments may have student handbooks with additional policies and/or policies that further define expectations set forth in this handbook. Students are expected to adhere to policies set forth in the University, School, and Departmental Student Handbooks.
